

Compliance Advisory Service

The Commission's Transportation Bureau provides assistance to carriers and shippers on legislative and regulatory requirements and changes. The Compliance Advisory Service is available to any motor carrier needing assistance in complying with the many regulations relating to their operations.

Handbook of Current Regulation

The Commission has compiled an extensive list of basic regulatory requirements pertaining to for-hire motor carrier operations. The Handbook also contains specific contacts for a number of other Illinois and U.S. agencies overseeing trucking companies. To obtain a copy of the handbook, or to inquire about any motor carrier compliance issue call us at (217) 782-4654.
